

ENTRANCE MATTING

THE 15 FOOT DIRT REDUCTION SYSTEM

A total of 15 feet of scraping and wiping action reduces up to 85% of the dirt and grime and dries shoes. The last 5 ft of wiping dries & dusts the shoes. Now you have used 15 ft of wiping and scraping action.

If three mats cannot be used, use two mats but a minimum of 15 feet is essential.

An additional 5 feet of scraping and wiping reduces up to 70% of dirt. (Total of 10 ft of matting.)

The first 5 feet of scraping action reduces up to 40% of dirt.
